**1st PC Corp** has been working closely with leading US and European companies in producing great products sought after by channel partners at various levels. Our core strength is vertically integrated and flexible production customization that is highly adaptable and nimber enough in today's fast changing environment. We proud ourselves in creating products and solutions that are easy to sell with higher resell value. We believe when we put your bottomline first we create a win-win solution for everyone involved.

Contact us today and see how we can help you to gain an edge against your competitors!

With our dedicated team of staffs, we are always trying to maximize efficiency in order to save costs, while still keeping a strict quality check procedure which includes various check points before the components are put together. See our company info **here**.
